Where are they now?

by Kaity Blacksher

Over the years we have had team members come and go, sometimes it was our choice, sometimes it was theirs and often it was a mutual decision made by both parties. We have maintained relationships with a lot of our former team members. They were an integral part of our team and helped us get to where we are today. Some team members moved away, some stayed in the industry but in a different capacity and others decided to say goodbye to the insurance world altogether.

While we get the pleasure of catching up with our former team members from time to time you don't all have that same opportunity. For those of you wondering what they are up to today, we thought we'd share some updates from a few of them!

Did you know?

Your personal auto insurance policy does NOT automatically extend coverage for delivery drivers or those of you driving for Rideshare companies like Uber and Lyft. In fact, all of our personal auto insurance companies exclude coverage for anyone driving their vehicle for delivery purposes such as Pizza, Uber Eats, Door Dash, etc. Call us right away if this is you or someone you know! Safeco and Pemco are two companies that do provide additional coverage for Rideshare for taxiing people, however, you must call to add this coverage to your policy in order for coverage to apply. There is no rideshare coverage with Travelers or Mutual of Enumclaw.

Your local, personable and eager-to-serve insurance team. We are here to serve you and our community.

Third Quarter Referral Partner

"Creating lasting impact on the physical, social, and emotional wellbeing of adults with disabilities through inclusive group exercise."

Our third-quarter referral partner is Every Body Athletics. We have partnered with them in the past and are excited to welcome them back as our third-quarter referral partner for 2021. After graduating high school and aging out of special education, service providers for people with intellectual & development disabilities shift from the school to the state. Every Body Athletics creates an environment for adults with disabilities to have regular physical and social activity implemented in their lives.

Referral Program

At our agency, giving back is a primary focus, which is why we feature and donate to a different local non-profit each quarter. You can be involved in the giving by simply referring your friends or family to our agency. In addition to our regular contributions, we make donations each time someone is referred to our agency.

Here is how our referral program works:

1. Someone calls, texts or emails us and says that they were referred by **you**
2. One of our licensed agents provides a **free protection review**.
3. When they mention your name, we will send **you** a \$5.00 gift card. Your name will also be entered in our \$50 monthly drawings.
4. We will **give back** and make a \$25 donation to four different charities throughout the year.

Our office is moving! (And so is Mark)

That's right, we're moving our office! History has a way of repeating itself and so it is true once more. While our office is moving locations, Mark and Janell are also moving into a new home! Some of you may not know this but we have moved our office four times in the past fifteen years. Mark, too, has moved into a new home four times in the past fifteen years. In years past Mark moved with the office to stay close by to his "second home." This time, however, Mark and Janell are moving to Castle Rock, Washington. Our agency is going to remain in Beaverton. Our current lease is up July 31st, 2021. We will be completely remote for a few months so stay tuned for upcoming details on our new office space. We look forward to a visit from you in the near future!
